

Application exercise 1.3: Histogram to boxplot

Write your responses on a piece of paper. WRITE LEGIBLY! Only one submission per team is required. One team will be randomly selected and their responses will be discussed and graded.

The histogram below shows the distribution of number of universities applied to by 80 students from Sta 101. All responses were non-negative whole numbers.

Sketch a box plot of this distribution. Make sure to label your axes and try as best as you can to sketch to scale.
